

The Hitchhiker's Guide to Online Anonymity

Donations to support this project are welcome as the funding of this project is limited. Those donations are mainly used to pay for Tor onion hosting (VPS), mail hosting, domain name registration, and to maintain/run Tor exit nodes. **No profit is ever being made.** All donations and spendings are being logged here below for transparency.

Current donation goals:

- Maintenance for the Tor Exit Nodes, see them here: <https://metrics.torproject.org/rs.html#search/family:970814F267BF3DE9DFF2A0F8D4019F80C68AEE26> (All have been taken down)
- Move the Tor .onion hosting on a different cheaper VPS by April 1st, 2022, and extend hosting for 2 more years. (The VPS was taken down and the onion site is unavailable for the moment)
- Set-up more Tor Exit nodes if funding allows it.
- Recover the project and salvage what is possible
